1 Introduction

To facilitate investors and to move towards a paper-less environment, the Pakistan Stock Exchange Limited ("PSX") has developed an Electronic Initial Public Offering System ("PES" or "PSX E-IPO") through which application for subscription of securities offered to the general public in an Initial Public Offering (IPO) and Secondary Public Offering (SPO) can be submitted electronically and payment can be made through e banking channels.

PES can be accessed through the web link, https://eipo.psx.com.pk and payment of subscription money can be made through 1LINK and NIFT member banks available for PES.

The list of 1-Link Member Banks is attached as	Allied Bank

- b. Investor (Individual / Corporate) registers himself and authorizes his broker to subscribe to securities being offered in an IPO on his behalf;
- c. Investor (Individual / Corporate) registers himself and authorizes his Bank to subscribe to securities being offered in an IPO on his behalf;
- d. Investor approaches a bank to register him and then to subscribe to securities on his behalf;

4 TREC Holders

This method can be used by Investors (Individuals and Corporates) who wish to authorize their respective brokers to register them, submit application for subscription of securities offered in the IPO and make the required subscription payment on their behalf.

4.1 Registration of TREC Holder

For registration on the PES, the Broker needs to send the following details to Mr. Wasim Sattar, Senior Manager, Listing at wasim.sattar@psx.com.pk:

- TREC Number
- TREC Holder Name
- Office Address
- Office Phone:
- Name of Contact Person
- Father's Name of Contact Person
- Cell Phone Number
- Email Address

Once PSX receives the said details, PSX will create the respective Broker's (or its branch's') account and an OTP will be sent to the registered mobile number provided by the Broker. This OTP will have to be entered for OTP verification.

Then an email will be received on the registered email address requesting to set a password for the account. The user will be required to click on the provided link and will then be directed to a webpage for setting password.

The user will be required to set a password for the broker's (or its branch's) account following the secure password policy. Once done with setting a password, an email will be received confirming that the process of Account Activation has been completed. Then a PIN will be received on the registered mobile number and email. Please retain that PIN as it would be required in future for subscribing to securities in an IPO.

4.2 Login

When an investor approaches a broker to register him and then to subscribe to securities on his behalf, the Broker would have to login. The Broker would have to enter its User ID, its password, and CAPTCHA; and then click on "Log In".

After logging in, the Broker will see this TREC Holder's Home Screen.
